

## Classified vs. Classified-Exempt Service within the DOP Merit System

There are two classification plans established and administered by the Division of Personnel (DOP): classified and classified-exempt. Classified services are those positions covered under the DOP merit system standards. Classified-exempt positions are those that are classified by the DOP but are not covered under the DOP merit system standards.

Certain provisions within the DOP's legislative rules and policies are applicable only to classified positions and are not applicable to classified-exempt positions.

However, certain policies, rules, and benefits pertain to State employees regardless of the classification plan.

The following chart details the types of positions and benefits or regulations applicable to each:

Benefit or Regulation	Applicable to DOP Classified Positions	Applicable to Classified-Exempt Positions
