Time Off for Voting [W. Va. Code § 3-1-42]

Employees may be granted time off from work in accordance with W. Va. Code § 3-1-42, which states:

“Every person entitled to vote at any election who may be employed by any person, company, or corporation on the day on which such election shall be held in this state, shall, on written demand of such employee, made at least three days prior thereto, be given a period of not more than three hours, if necessary, between the opening and the closing of the polls on such day, for the purpose of enabling such person to repair to the place of voting to cast his vote and return, without liability to any penalty or deduction from his usual salary or wages on account of such absence, except that any employee, who has three or more hours of his own time away from his work or place of employment at any time between the hours of the opening and the closing of the polls on election day and who fails or neglects to vote or elects not to vote during such free time away from his work or employment, may be subject to wage or salary deductions for the time actually absent from his work or employment for voting in such election.

In essential government, health, hospital, transportation, and communication services and in production, manufacturing, and processing works requiring continuity in operation, the employer may, upon receipt of such written demand for voting time off, arrange and schedule a calendar of time off for any and all of his employees for voting so as to avoid impairment or disruption of essential services and operations, but every such schedule or calendar of time off for voting so arranged shall provide ample and convenient time and opportunity for each employee of such services or works to cast his vote as herein provided.”

Promise of Employment or Other Benefits [W. Va. Code § 3-8-12(e)]

“A person may not, directly or indirectly, promise any employment, position, work, compensation or other benefit provided for, or made possible, in whole or in part, by act of the Legislature, to any person as consideration, favor or reward for any political activity for the support of or opposition to any candidate, or any political party in any election.”

Election Day Holiday

Section 14.1.a. of the DOP Administrative Rule, entitled official holidays, states, in pertinent part, that “Employees shall be released from work with pay … any day on which a state-wide election (Primary, General, or Special) is held ….” This section shall not apply to local (e.g., county or municipal) elections.

Federally Funded Programs [Hatch Act]

The Federal Hatch Act governing state and local employees found in 5 U.S. Code §§ 1501-1508, applies to any “individual employed by a State or local agency whose principal employment is in connection with an activity which is financed in whole or in part by loans or grants made by the United States or a federal agency but does not include – (a) an individual who exercises no functions in connection with that activity ….”

In certain areas the federal statute is more restrictive than the current law found in Chapter 29, Article 6 of the West Virginia Code, as amended. Therefore, to the extent, those employees are covered by the Hatch Act, the provisions of W. Va. Code § 29-6-1 et seq. would apply.

W. Va. Code § 29-6-1 et seq. permits an employee to be a candidate for election to a local level paid partisan or non-partisan office, except for courts of record, by taking a leave of absence without pay for the period of candidacy commencing with the date of filing for such candidacy. A leave of absence is not necessary to be a candidate for an unpaid elective office permitted by statute. The Hatch Act does not allow a state employee whose principal employment is in connection with an activity that is financed in whole or in part by federal funds to be a candidate for partisan elective office.
